FATHER’S DAY

Father's Day is celebrated today in Canada and many countries around the world. For whom and what value does fatherhood have today? First, what seems obvious, for the child himself. Children who grow up in homes where their father functions well have higher self-esteem, achieve better results at school, are less likely to succumb to peer pressure, and in adulthood are more likely to achieve professional and personal success. It can be said that they gain more chances for happiness. Active and healthy fatherhood is beneficial for women who, having stable support in their husband, can more harmoniously combine personal and professional development with motherhood. Finally, fatherhood is a fundamental value for the man himself, who gains a chance for true maturity and fulfillment.

Fatherhood, like motherhood, needs social support and promotion today. Especially at a time when the traditional family model is increasingly being questioned and being a dad is increasingly coming down to reproduction. Men need more faith that the role of father, like mother, is irreplaceable. Dear Fathers, we wish you all God's blessings and strong faith. God bless you.

RENOVATION FUND

On Sunday, June 25, the second collection will take place for the Renovation Fund to cover the costs of roof repairs. Thank you for your understanding and generosity for this cause.

Also the air conditioning in our church needs modernization and repair. The compressor responsible for cooling the back of the church has burnt out and needs to be replaced. This is a complicated and very expensive process. Also the air conditioning in the parish hall needs repair. A Polish company from Brampton is responsible for the repair. Air conditioning was established by the late Father Antoni Mendrela in 1995.

RENOVATION OF THE CHURCH ROOF

The water channel on our roof needs immediate repair. The channel is part of the roof where water flows from the huge surface of the metal roof. The roof was installed in year 2000 and is in excellent condition, however the drainage channel, which is 29 meters long and one meter wide, is lined with thick rubber and this rubber is in critical condition. Full of holes and damaged from falling water from the roof and sun rays. The fact that the church is not leaking yet is truly a miracle, and the church was renovated two years ago. By decision of the Financial Committee, we proceed to repair the roof as soon as possible. This project has been entrusted to Jerry's Roofing, and the cost of this massive work is \$50,000. Thank you all for your support and donations to the Renovation Fund. So far, we've raised \$8,980 for the roof repair. By decision of the Financial Committee, the list of golden donors was renewed, which is located in the corridor leading to the choir. Contributors who contribute \$1,000 to the renovation will be added to the original 1995 list of gold donors. We would like to thank the following people who have been entered on the list of golden donors: Baran Stefania, Stachulak Anna, Semczyszyn Piotr.

THANKS AND GRATITUDE...

We would like to thank the Society of the Holy Rosary at our parish for sponsoring the candlesticks for the altar, which we use when exposing the Blessed Sacrament. The candlesticks were made in Italy and belong to the same set as the other candlesticks in our church. Thank you for donating \$3,000.

MONEY BOX FOR THE POOR

There was always a box for offerings to the poor at the back of the church. It was stolen three weeks ago. There were not many offerings inside the box, but the damage is significant. Currently, there is a metal box on the table on the left for offerings to the poor. For safety, it has been bolted to the table. Thank you to everyone who makes donations for those in need.
