#### THE MONTH OF JUNE

The month of June has been dedicated to the Sacred Heart of Jesus. We encourage everyone to pray in private the Litany of the Heart of Jesus Christ throughout the month of June.

#### **FATHER'S DAY**

Father's Day is celebrated today in Canada and many countries around the world. For whom and what value does fatherhood have today? First, what seems obvious, for the child himself. Children who grow up in homes where their father functions well have higher self-esteem, achieve better results at school, are less likely to succumb to peer pressure, and in adulthood are more likely to achieve professional and personal success. It can be said that they gain more chances for happiness. Active and healthy fatherhood is beneficial for women who, having stable support in their husband, can more harmoniously combine personal and professional development with motherhood. Finally, fatherhood is a fundamental value for the man himself, who gains a chance for true maturity and fulfillment.

Fatherhood, like motherhood, needs social support and promotion today. Especially at a time when the traditional family model is increasingly being questioned and being a dad is increasingly coming down to reproduction. Men need more faith that the role of father, like mother, is irreplaceable. Dear Fathers, we wish you all God's blessings and strong faith. God bless you.
